Retail Profit^{*}

UP TO 100%

Retail Sales are the foundation of the Dayjoy Compensation Plan. As a Dayjoy Independent Distributor, when you sell products to retail customers, you earn the difference between the Distributor Price (DP) at which the products are purchased and the Maximum Retail Price (MRP) at which the products are sold.

Example:

Our Product MRP = Rs. 5000

Our Product DP = Rs. 4000

Retail Profit (MRP - DP)

DP: Distributor Price

BV: Business Volume

For example:

Every product in the portfolio of Dayjoy has a MRP & DP. If a product has a MRP of Rs. 5000/-, Dayjoy Independent Distributors can purchase the same product on DP which is Rs. 4000/- and may resell the same product on MRP and earn Rs. 1000/- (i.e 20% profit) on reselling the product.
